Mr. Ang Chye Kiat, President, Vision Technologies Aerospace, Inc
Mr. Tan Guong Ching, Chairman, Singapore Technologies Aerospace Ltd

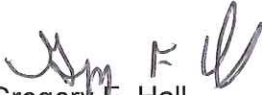

Dear Sirs,

This note is to express my appreciation to you and your company for supporting the 2011 FedEx St. Jude Golf Classic in such a meaningful way. Donation dollars are limited in most companies and we are delighted you chose to support this cause.

As you know, St. Jude Children's Research Hospital is a life-saving hospital for kids with cancer throughout the world. Kids that cannot afford medical services receive treatment for free. The staff there is committed to research and development and finding cures for various types of cancer. The greatest result is the cancer survival rate has increased significantly because of the quality of medical care at St. Jude's.

Be assured, when you support the tournament in such a profound way, you are supporting FedEx but more importantly the kids of St. Jude Hospital.

My most sincere thanks,

Gregory F. Hall
